The Root of the Matter

"A life devoted to things is a dead life, a stump, a God-shaped life is a flourishing tree."(Proverbs 11:28)

I've had the privilege of witnessing many people, young and old, give their hearts to The Lord. I can even remember the day/time I found salvation in Jesus Christ. I have never been the same since. It's amazing what happens when someone realizes they were dead and now they are alive. I love the line from the song, "Glorious Day," by Passion, "And I ran out of that grave!" What happened to the days when someone would stand and praise God for saving him or someone would raise their hands to the living God because of His grace and mercy. Deep in my mind, I can still see that lady in front of me at church raising her hands and crying thank you Jesus. Without her example, and others, where would I be. I think it's difficult to draw young people in without giving them something that's real and alive. If we are not excited about the one we serve, then how can we expect others to follow. We need to be a flourishing tree.
